Quarterly Financial Results

Amounts in thousands of U.S. dollars

	For the three months ended	
	March 31, 2023	March 31, 2024
Revenues	\$ 99,069	\$ 98,094
Profit for the period	\$ 36,375	\$ 49,952

Revenues were \$98.1 million for the quarter ended March 31, 2024 (\$99.1 million for the same period in 2023). The decrease of \$1.0 million is mainly attributable to the 2023 fixtures, partially offset by the increase in available days resulting mainly from the absence of any off-hire days due to scheduled dry-dockings and repairs of our vessels in the first quarter of 2024 (compared to 44 days in the same period in 2023).

Profit was \$50.0 million for the quarter ended March 31, 2024 (\$36.4 million for the same period in 2023). The increase in profit of \$13.6 million is mainly attributable to a decrease of \$14.2 million in net financial costs due to the debt prepayment in November 2023, a decrease of \$1.2 million in general and administrative expenses mainly from the absence of transaction costs incurred in the first quarter of 2023 in relation to the evaluation of the GasLog’s offer to acquire the Partnership’s outstanding common units and the \$1.0 million loss from disposal of vessel in 2023, partially offset by an increase of \$2.5 million in depreciation.
